INTRODUCTION

WHAT YOU CAN EXPECT FROM THIS COURSE

This course will give you new skills to make money at foreclosure auctions. It contains complete, detailed information that will take you step by step through the auction process.

Making money at foreclosure auctions is exciting, fun and rewarding. If you go to auctions regularly, you will find fantastic bargains on houses.

Whether you get properties before the auction, at the auction, or after the auction, there is no better way to get deep discounts than through foreclosure opportunities.

TRY AND YOU WILL SUCCEED!

If you are the skeptical sort, then you'll have to see it to believe it. Go to several foreclosure auctions and see what kinds of deals other investors are getting.

If there is one thing I can say to encourage you, it would be to go to as many auctions as you can. I've seen crowds show up for properties that were not good deals, and I've seen *no one* show up for properties that were absolute steals. You must attend the auctions to succeed!

A FEW FINAL WORDS

A huge benefit of buying at foreclosure auctions is that you can attend as many auctions as you want before you start bidding at any of them. Foreclosure auctions are free and held publicly. This gives you an opportunity to see how well other investors are doing before you risk any of your own money. Now that you know this, you should have very little fear of getting started.
